SOFTWARE TECHNOLOGY
COMPANY

WE ARE A SOFTWARE TECHNOLOGY COMPANY AIMED AT DIGITIZING MALAWIAN PAPERWORK SYSTEMS

ABOUT US

Nextgenerations Malawi was founded in December 2019 by kelvin Chidothi. Our aim is for the development of Malawi in the technology aspects.

We try to bring new softwares and tech-solutions that might help in the economic growth the country.

Currently our focus is mostly on the software part of digitized systems but we will later migrate to all other aspects.

Our systems are always robust, error-less, easy to maintain and with a clean and impressive architecture.

Reach out to us now and relive your dream of the best software services you can find in the globe.
